

About Cambia Health Solutions

Cambia Health Solutions is dedicated to making the health care experience simpler, better and more affordable for people and their families, including the 3.1 million people in the Pacific Northwest enrolled in our regional health plans.

Our health plan roots

Cambia is deeply rooted in a 100-year legacy of transforming the industry and the way people experience health care. And we're committed to delivering a seamless, personalized health care experience for the next 100 years.

We were founded on the idea of neighbor helping neighbor. Whether through our 5,000 employees or our countless regional and national partners in the communities we serve, that pioneering spirit is what drives our innovation.

Leading the way

Drawing upon its legacy business, Cambia has pivoted to meet the needs of today's health care consumers. Our [six regional health plans](#), [Echo Health Ventures investment portfolio](#), strategic philanthropy with the [Cambia Health Foundation](#) and [Cambia Grove innovation hub](#) are all united by our Cause—to serve as a catalyst to transform health care, creating a person-focused and economically sustainable system.
